Attachment: Replacement Sheet

Application No: 10/037,445  
Attorney's Docket No: US 010685

**REMARKS**

In the paper mailed July 5, 2006, it appears that the Office Communication presents an argument traversing the Applicants' response to the objection to the drawings filed with the April 24, 2006 Amendment. These traversal arguments are respectfully traversed.

Applicants submit herewith a Replacement Sheet containing corrections to Figs. 1A and 1B. In the replacement drawing sheet, the reference to system 100 in Fig. 1A is exclusive to Fig. 1A and contains a single arrow pointing at Fig. 1A. Similarly, the reference to system 100 in Fig. 1B is added and separately includes its own individual arrow pointing to the system 100 in Fig. 1B.

It is respectfully submitted that the Replacement Sheet containing corrections to Figs. 1A and 1B comply with all applicable rules and requirements. For at least the foregoing reasons, it is respectfully requested that the objection to the drawings be withdrawn, and that the Amendment filed on April 24, 2006 be accepted as a full and complete response to the Office Action dated January 23, 2006.

**CONCLUSION**

In light of the foregoing, and in light of the Amendment filed on April 24, 2006, withdrawal of the rejections of record and allowance of this application are earnestly solicited.

While we believe that the instant amendment places the application in condition for allowance, should the Examiner have any further comments or suggestions, it is respectfully
